Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Drawings

1. The application having been allowed, formal drawings are required in response to this Office Action.

Allowable Subject Matter

2. Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance: With regard to claim 1, the main reason for allowance is the limitation "wherein a line of sight of the imager is perpendicular to the outer axis, so that there is substantially no rotation, with respect to the instantaneous direction of scan, of an image formed on the imager" (lines 18-21). It is the examiner's opinion that it would not have been obvious to one having ordinary skill in the art to provide a method of scanning a field of view wherein the line of sight of the scanning means imager has this orientation, the image has no rotation with respect to the direction of scan, and having all other aspects of this claim, without secondary teaching. With regard to claims 2-12, the primary reason for allowance of these claims is the limitation "a single optically flat mirror disposed in the object space of the telescope" (claims 2 and 6). While there does exist prior art showing apparatus for scanning a field of regard comprising scanning mirrors disposed in the *image space* of the telescope, it is the examiner's opinion that it would not have been obvious to one having ordinary skill in the art to provide an apparatus wherein the scanning flat mirror was disposed in the *object space* of the telescope, and having all other aspects of claims 2 and 6, without secondary teaching. Claims 3-5 and 7-12 are allowable by virtue of their dependence. With regard to claims 13-16, the primary reason for allowance of these claims is the limitation

Art Unit: 2878

“wherein the line of sight of the imager is perpendicular to the outer axis” (claim 13, lines 9-10).

It is the examiner's opinion that it would not have been obvious to one having ordinary skill in the art to provide an apparatus for imaging a field of regard wherein the line of sight of the imager has this orientation, as well as all other aspects of claim 13, without secondary teaching. Claims 14-16 are allowable by virtue of their dependence.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
